

Wilson Reading System Highlights

- Offers a research-based program supported by thirty years of data collected and analyzed.
- Follows a ten-part lesson plan that addresses decoding, morphology, the study of word elements, encoding and orthography (internalizing the rules that govern English), high-frequency word instruction, oral reading fluency, vocabulary, and comprehension.
- Provides a systematic and cumulative approach to teaching total word structure for reading and spelling.
- Uses a unique “sound tapping” system to help students segment and blend words
- Uses criterion-based assessments built into the program to measure student progress and success

Why it works:

- Direct, highly structured and cumulative
- Multisensory
- Comprehensive
- Integrated
- Research-based
